

## Increase Your Commissions with SureBridge

Flexible Benefit Service Corporation (Flex) is pleased to now offer SureBridge<sup>SM</sup> supplemental products through the Flex General Agency. As high deductible health plans (HDHPs) continue to gain in popularity, more individuals need help filling in the financial gaps when an unexpected event occurs. SureBridge gives you an opportunity to provide a solution through their products:

- Accident – Lump Sum
- Critical Illness
- Cancer
- Hospital Indemnity
- Short Term Disability

These plans are separate from health insurance, pay directly to the consumer as a result of a qualifying event and are paid out in cash to the policy holder. Even better, these plans offer high commissions for producers including 90% for Critical Illness, 55% Lump Sum for Cancer & Accident and Hospital, and 27.5% for Indemnity & Short Term Disability. So you can now offer your clients a packaged solution that provides them with better coverage, **while earning more commissions than ever before.**
