

Eligible Expenses

The following is a summary of common expenses for Health Care Flexible Spending Accounts (FSAs), Dependent Care Flexible Spending Accounts (FSAs) and Health Savings Accounts (HSAs). Some plans, such as Limited Scope FSAs, restrict the eligible expenses, so please refer to your employer's Summary Plan Description (SPD) for your specific plan details.

This list is not intended to be exhaustive and should only be used as a general guide. Expenses contained in this list may be denied if the supporting claims documentation is insufficient or shows that the expense was incurred for services not considered medically necessary. Payment of claims will be based on all applicable regulations, the employer's plan design and information on the claim form. All expenses must be substantiated by information from a third party.

Due to frequent updates to the regulations governing FSAs and HSAs, this list does not guarantee reimbursement, but instead is to be utilized as a guide for the submission of claims.

ELIGIBLE CATEGORIES

Yes: The expense is eligible for reimbursement.

No: The expense is not eligible for reimbursement under any circumstance.

Yes (RX): The expense is eligible for reimbursement if a doctor's prescription has been obtained prior to purchase. A copy of the prescription will be required for FSA reimbursement. Please ensure the prescription includes number of refills/expiration date.

Yes (LM): The expense may be eligible for reimbursement if a Letter of Medical Necessity is provided to Flex. The expense must be used to treat a medical condition.

Yes (CG): Some items that require a Letter of Medical Necessity may result in home improvement. This applies when a "capital gain" is made and the account holder is subject to be reimbursed the difference.

Eligible Expenses

ELIGIBLE CATEGORIES

Yes: The expense is eligible for reimbursement.

No: The expense is not eligible for reimbursement under any circumstance.

Yes (RX): The expense is eligible for reimbursement if a doctor's prescription has been obtained prior to purchase. A copy of the prescription will be required for FSA reimbursement. Please ensure the prescription includes number of refills/expiration date.

Yes (LM): The expense may be eligible for reimbursement if a Letter of Medical Necessity is provided to Flex. The expense must be used to treat a medical condition.

Yes (CG): Some items that require a Letter of Medical Necessity may result in home improvement. This applies when a "capital gain" is made and the account holder is subject to be reimbursed the difference.
