

## Agent and Broker Training Health Insurance Marketplace

CMS is pleased to announce training for agents/brokers will be available this week and we will host a webinar to assist agents and brokers with the training.

This webinar is an opportunity for agents and brokers wishing to assist consumers in the Federally-facilitated Marketplaces (FFM) to learn more about next steps in the training and registration process. Training will be available for agents and brokers beginning this week. The webinar will describe the required process for agents and brokers, including step-by-step instructions for accessing and completing the training.
